Course Description

FIRESTOPPING REQUIREMENTS OF THE IBC AND IRC

Title	<i>Firestopping Requirements of the IBC and IRC</i>
Instructor	Rich Walke, UL
Description	This program provides an in-depth look at the requirements of Section 714 of the 2012 International Building Code and Section R302 of the 2012 International Residential Code for penetrations of fire-resistance-rated assemblies. It will cover through- and membrane-firestop systems, including a discussion of code requirements, the referenced standards, the testing process, the available methods of demonstrating code compliance, plan review considerations and the inspection process.

- 9) Treasurer Report (Andrew Bevis) Roger Werts motion, Robert O'Rear second, motion Passed. Received another check from Finely, Jerry Koerkenmeier to find remaining balance left. Andrew C.E.O.S.I. we have a good balance and need to discuss ways to spend it
- 10) Membership Report (Chad Truran, Kevin Gatewood) 2 Jurisdictions sent a check, But did not list members. If you recognize this is your jurisdiction please contact Kevin Gatewood. Glen Neal to change membership application to bring attention that municipality membership includes one person.
- 11) Community Services Report (Joe Craver) N.A
- 12) Building codes report (Don Voss) N.A.
- 13) ICC Update (Bob Neale) N.A.
- 14) ICCA Update (Jeff Stehman) ICCA monitoring changes in the Illinois Plumbing Code. Required certified plumbing inspector appears to be repealed since it was not correctly put in place. Most likely it will be introduced properly and very well could be passed. Northern municipalities and the county near Rockford Illinois have made monumental steps in code enforcement. They have gotten together and created an agreement to adopt and enforce the same code version and to be put on a website.
