16) New Business

4 new jurisdictions, Shiloh, Marion, Wood River, American Wood Council.

8 no renewals, contact Jeff Soer about membership. Glen Neal will contact Edwardsville regarding membership.

Kevin Gatewood suggested making the Vice President responsible for membership related items as the chair of that committee with the ability to seek help from the membership. This option may take a bylaw change and vote from the membership. This is to be discussed at the next regular meeting.

Changes in our E-mail list, who should be on. Our website has the most current list of the membership. Should we designate somehow on this page or create another page which shows members who have not paid the required dues? Secretary to stamp on membership applications received when the payment was received. Only new members are allowed to pay a partial years dues based on the date when they apply.

ICC is starting to require more CEU's to be from preferred providers. 2015 – 20%, 2016 – 50%, 2017 – 60%. Jerry will investigate what it would take for the CEOSI to become a preferred provider. Members are suggested to investigate their current CEU's to assure they have enough time allowed to meet the requirements.

Discussion as to E-mailing members, Official E-mail to be BCC to everyone to help keep confusion down, current members to have full notifications contained within E-mails, President, VP, Treasure, Secretary to have regular "to" field E-mail. Unpaid members to have a generic E-mail notifying them of upcoming events, but not group questions, ICC training, etc.

September 9th. Meeting at Glen Carbon. Round Table discussion. Sept 16th. 2015 approved ICC training on commercial & residential mechanical inspections, Mt. Vernon. October 14th. 2015 ADA Seminar with Doug Gamble at SWIC college.

17) Community Chat

18) Adjourn, motion Andrew, Second Josh, approved
