To Glen Neal

gneal@glen-carbon.il.us

This meeting will cover new ways to address Meth Houses.

Please invite members of your Police & Fire Department if they are interested

Speaker, Mr. Tom McNamara

Speaker BIO:

Tom McNamara was presented the Governor's Award of Excellence for Individual Achievement for his major contributions to the Illinois Law Enforcement Training and Standards Board Drug Interdiction Committee. McNamara, retired from the Illinois State Police, is the Special Projects Coordinator for the Southern Illinois Enforcement Group and is recognized nationally for his work in narcotic enforcement.

Tom McNamara was a major contributor to the Board's Drug Interdiction Committee. Beginning in 1998, McNamara accepted the initiative to develop a curriculum for law enforcement officers responding to a methamphetamine incident.

Originally developed for law enforcement use, the curriculum has been modified for fire service, healthcare and local community members. It [curriculum] has been made available to law enforcement officers outside of the U.S., such as Iceland and Great Britain.

The impact of McNamara's presence in drug interdiction is both sustaining and long tenured. As a uniformed officer, McNamara became involved with narcotics investigation in 1969 as a special projects manager assigned to train and coordinate narcotics enforcement. The end result was a 400 percent increase in arrests.

His longstanding association with drug enforcement includes investigative activities for domestic and international terrorist operations, organized crime, street gangs, illegal motorcycle gang activities, ritualistic criminal activities, and major drug distribution and networks.

Tom was involved in both covert and overt operations in organized crime task forces such as "Operation Iron Eagle" and "Operation Fort Apache." He was responsible for training local, state, and federal law enforcement personnel in the investigative techniques utilized to contain and eliminate organized criminal activities.

Tom McNamara's reputation precedes him throughout Illinois and even parts of the United States. He has received numerous awards during his career including commendations from the U.S. Department of Justice, Office of the U.S. Attorney General; the U.S. Senate; the U.S. Grand Jury of the Southern District of Illinois; the Illinois State Police Director's Award; the Illinois Senate; National Press Photographers Association; the Midwest Regional Organized Crime Drug Enforcement Task Force Association; and the Illinois Drug Enforcement Officers Association.

McNamara's long tenured presence in drug interdiction and training distinguishes him as a leader and innovator in law enforcement training.
