

ICCA Preferred Provider Training

Let's discuss the 2018 Existing Building Code!

Thursday, December 8th, 2022, ICCA will be hosting a hybrid in person/virtual training session in Bloomington, IL.

This 6-hour course will help you recognize the limitations and extent of the codes related to existing buildings, the classifications of work associated with existing buildings, and fire protection systems that need to be upgraded. This course will also describe the compliance alternative tabular method of evaluating existing buildings.

Instructor: William Clayton
